PRODUCT DESCRIPTION

Tall deck-mounted single-lever basin mixer designed for countertop and vessel-basin installations. Its slim cylindrical column, flat rectangular spout and compact top control create a clean architectural profile. The 269.9 mm outlet height and 198.4 mm spout reach provide generous basin clearance, while the 5° outlet angle directs the water stream toward the basin. The mixer installs through a single Ø34.9 mm mounting hole.

DIMENSIONAL DRAWING

MM

All dimensions are shown in millimetres unless otherwise stated. Site conditions, cut-out, trap system and mixer clearance should be verified before installation.

TECHNICAL DATA

03

Product type	Tall basin mixer
Installation	Deck-mounted, single-hole
Shape	Cylindrical body with rectangular spout
Surface	Available in 14 finish options
Width	49.2 mm
Depth	239.7 mm
