PRODUCT DESCRIPTION

Two-hole concealed wall-mounted basin mixer with separate spout and single-lever control. The design combines square wall escutcheons, a clean rectangular spout and a broad paddle-style lever for a sharp architectural appearance. According to the supplied technical drawing, the trim spans 190 mm, the spout and control centres are 120 mm apart, and the spout projects 171 mm from the wall.

DIMENSIONAL DRAWING

MM

All dimensions are shown in millimetres unless otherwise stated. Site conditions, cut-out, trap system and mixer clearance should be verified before installation.
